## Down

## **SafetySuit**

I sat by the phone today
Waiting for you to call, so I
Could pick it up and say hello to you
And you would say hello to me
(Just like my dreams)dIs there a reason why youre gone?

I didnt mean to be so wrong

And I tried so hard to be the best that I could be

But still it seems I always end up aloneIs there something inside me that I dont see? Is there something wrong here with the way I love?Down, you cant hold me down

Cause when no one is around

I won't be standing here

Just waiting for you to come back home againDown, you cant hold me down

Because I finally understand

That what you did is not so bad

In fact its better for meDid I not give you enough room

Was I overtaking you

And did my love for you just blind me from

What I was doing wrong?

(I never meant you harm)Or was I not good enough for you

Is that the reason why were through

Was I not half the man you thought that I would be

But now you see?

Is that why you leave me?

Is that why you leave me? Is there something inside me that I dont see? Is there something wrong here with the way I love? Down, you cant hold me down

Cause when no one is around

I won't be standing here

Just waiting for you to come back home againDown, you cant hold me down

Because I finally understand

That what you did is not so bad

In fact its better for meAnd Lord knows I try

To bring back my dreams

Cause I held onto yours for so long

That I couldnt hold my ownDown, you cant hold me down

Cause when no one is around

I won't be standing here

Waiting for you to come back home to meDown, you cant hold me down

Because I finally understand

That what you did is not so bad

## In fact its better for meDown, down, you cant hold me down again You cant hold me down Down, you cant hold me down again
