

# The Ballad of Bullseye

## Riders In the Sky

Bullseye my pony, Bullseye my pride  
Bullseye mi amigo, Bullseye I will ride  
Across the wide prairie, beneath the blue sky  
We'll ride on forever just me and Bullseye  
It was out in west Texas at the Triple 'R' sale  
When I first laid eyes on that  
Bullseye broomtail  
He bounced and he bucked and he ran like the wind  
And when I rode out I was a-leading my friend Hey, Bullseye my pony, Bullseye my pride  
Bullseye mi amigo, Bullseye I will ride  
Across the wide prairie, beneath the blue sky  
We'll ride on forever just me and Bullseye One midnight in August it came up a storm  
The cattle stampeded, the lightning did swarm  
A cowboy who fell was a cowboy who'd die  
Well lucky for me I was a-riding Bullseye Hey, Bullseye my pony, Bullseye my pride  
Bullseye mi amigo, Bullseye I will ride  
Across the wide prairie, beneath the blue sky  
We'll ride on forever just me and Bullseye Now if ever I find me a cowgirl so true  
Who'll keep a loose rein on this old buckaroo  
Well if she's got a mare and a twinkling eye  
Boys I might settle there and raise little Bullseyes Hwy, Bullseye my pony, Bullseye my pride  
Bullseye mi amigo, Bullseye I will ride  
Across the wide prairie, beneath the blue sky  
We'll ride on forever just me and Bullseye We'll ride on forever just me and Bullseye
