It Ain't Over

DJay (Terrence Howard)

(j. spinks)
You ask me if times have changed
And I refuse to be a liar
Just like a fool - I'm still in love with you
It's been a long long time - but it ain't over
You couldn't make up your mind - but it ain't over
If you need me - call my name
Though my love is not for hire
Stop the pain - start to live again
It's been a long long time - but it ain't over

You couldn? t make up your mind - but it ain't over
I get hurt - each time - you tell those little white lies
Can't sleep - what's wrong - I still think about you all night long
I you leave me - nothing? s left
You could steal my heart? s desire
Don't be cruel - i? m still in love in with you
It's been a long long time - but it ain't over
You couldn't make up your mind - but it ain't over
I you need me - call my name
If you leave me - nothing's left
