Annabel Lee

Tiger Army

Oh Annabel Lee, forever in my dreams
You know you've still got a piece of my heart
You've had it right from the startOh Annabel Lee, stop haunting my dreams
Yours is the face that I see in the dark, in the darkInto the darkness
Farther, my heart slips
Into the darkness, into the seaOh Annabel Lee, the ocean calls to me
In the spring when our love had its start
Oh Annabel Lee,forever trapped by the memories
In the sepulcher of my heartBlack cats they scurry by in the night
They tell me where you are in the chill of November
And now the kingdom is in ruins
Just a memory like you and me will you release me?Into the darkness
Farther, my heart slips
Into the darkness, into the seaOh Annabel Lee, those nights seem so long ago
When my heart didn't feel so old
Oh Annabel Lee, call your name for eternity
Long as the stars shall burn and the moon glowsThe ocean whispers in night air
And you once were with me there, do you remember?
And I'm speaking your name though it's over, think of me
Will you release me?Into the darkness
Farther, my heart slips
Into the darkness, into the sea
