

# I'm Okay

## The Shoe

Well, I didn't even cry that day  
Yeah, I just walked out straight  
and I said, "Well, okay."  
I've got a big, ole' story in me and it's more  
than just a bunch of shit that you had to say. was I hoping just to get in my car and get on the freeway.  
But Google Maps still knew I was red, and not okay.  
So I just sat in my car and let it all out.  
And I pretended to text you what I wanted to say. But I thought I'd write this song instead,  
'cause it's cooler  
Than calling you and texting you  
like I was a high schooler. But I guess it's not cool, anyway.  
To lose your love, to go astray.  
And I guess it's not cool to go away.  
I guess it's pretty bad to not be okay. So I got in my car and I got it started  
and just I said, "Well, what about that?"  
I said, "Well, I ain't gonna follow no 'Google Maps'!  
I'm just gonna try to find the street that I lived on!" "Try to find where I live.  
I don't care about no helicopters.  
Or what you're gonna think about this.  
Me pulling away, me slamming my door.  
And me leaving in my car for, like, 20 minutes.  
before I even left your house that day. I don't care what you're gonna say,  
or what kinda story you're gonna make.  
I just know that I'm, I'm gonna be okay  
with all of it. I just said that I don't even care if I'm gonna be okay  
with the story that you tried to make out of me.  
And I don't care if you had a lot to say,  
or you're just a picture that makes me wanna look away. I'm just here trying to be my own queen.  
I guess the "King" thing didn't work out for me.  
So I'm putting the crown away.  
I don't give a shit what you have to say. I'm okay.  
I'm okay.  
I'm okay. And I just said that I don't even care if I'm gonna be okay  
with the story that you tried to make out of me.  
And I don't care if you had a lot to say,  
if I'm just a picture that makes you wanna look away. I'm okay.
