

# I Wonder

## Ozma

hold on before you break me  
give me one more chance maybe i don't deserve it  
but give me one more chance  
to prove my to love you you can exist in a world without being a part of the world  
and somehow that's comforting when you're not where you want to be but time it is a living thing  
i wonder what today will bring  
i wonder what the stars will have in store for us if you hold on before you wake me  
let me dream a dream  
as unlikely as it seems  
you can exist in a world without being a part of the world  
and somehow that's comforting when you're not where you want to be but faith, it is a knowing thing  
relinquish all control of things  
and submit yourself to loving in the highest light
