## Grandaddy

And liars got that corner now  
And they've got flyers everywhere  
With ex-school treasurers for hire  
And whitesnake riffs dressed up like Sid Viscosity...  
Viscosity As lice is living in your practice room couch  
You're not the only one who's doing without  
"Yo Dad" the Doctor's son punk rocker shouts  
Dad, the A.C.'s broke in our hardcore punk rock vacation...  
vacation rehearsal house  
Now, now, now... Now, now, now... Now, now, now...  
We'll get right on that  
I'm sure it's just the thermostat  
I'll get right on that  
I'll buy your band a few twelve packs  
But your mother wants her bracelets back  
clack, clack, clack... clack, clack, clack...  
shhhhhh
