Excuse me, shawty, get the fuck out of my face  
Before we get mad and shoot up the whole place  
I'm sometin' like a pimp that's why you bitch in my face  
So slow down, partner, before I catch anotha case  
Excuse me, shawty, get the fuck out of my face  
Before we get mad and shoot up the whole place  
I'm sometin' like a pimp that's why you bitch in my face  
So slow down, partner, before I catch anotha case  
I'm neva goin' back, I'ma get it how I live  
Just last year I was busy countin' a mill  
I moved out da hood and now my house is on a hill  
And I ain't takin' shots, bitch, my jewelery all real  
First class trips when I pimped outta town  
Fine yellow bitch when a nigga touch down  
Five star wolves when a nigga need rest  
He buy a four five bitches when a nigga need six  
I rocka every year and I don't wear Rolex  
And I baby deep a bitch dis a whole chick  
So nigga don't flex, 'cuz I'm down for a call  
My pistol in my pants barely hanging by my balls  
And if it get crunk from the weather to the wild  
I'ma pull it out and tell a nigga ass out  
And if it ain't needed smack his ass in a mall  
And east side stamp his ass till he pass out  
Excuse me, shawty, get the fuck out of my face  
Before we get mad and shoot up the whole place  
I'm sometin' like a pimp that's why you bitch in my face  
So slow down, partner, before I catch anotha case  
Excuse me, shawty, get the fuck out of my face  
Before we get mad and shoot up the whole place  
I'm sometin' like a pimp that's why you bitch in my face  
So slow down, partner, before I catch anotha case  
Excuse me, shawty  
Haters in my town  
Niggaz wanna shoot you up then steal ma smile  
Like you are not, y'all niggas gon' clown  
At least [Incomprehensible] fuck around  
I made a move then I'ma sprank and bussin'  
It's 'cuz your girlfriend was tryna sell me sometin'  
I'm showin' hood love and I ain't seeing notin' back  
Can you please tell me what part of the game is dat  
I'm not hard but I'm really in your act  
With the old 5 7, I bet I make you do it like dat  
Straight butt naked, hittin' you mothafuka back  
Hookin' my enemies down like a game of track  
Yeah, 1 nigga, 2 nigga, 3 nigga me  
Y'all niggas frontin' wit no artillery  
So what your girlfriend got to do with me  
Lil' Scrappy gettin' cash and cut your throat for free  
Excuse me, shawty, get the fuck out of my face  
Before we get mad and shoot up the whole place

So slow down, partner, before I catch anotha case
