

Lamento Eroico

Rhapsody of Fire

Languish in me the echo of the shattered
in the cruel gaze of the blind angel
ruin in me the old rhyme
in the heart of the wounded swan and moribund...Cosmos of eternity' betrayed
of truth' vanished that now weep
tears of farewell in a black void...
sincere and fierce to my destiny I will go'...URLA IL TUONO
AL MIO LAMENTO EROICO
SORTE... CONSUMA LA REALTA'! Spirits of arcane worlds
I ask for life on the other side of death
to align the friendly stars
and become guardian of the celestial Custodian of eternity' protected
of truth' found for all the children of Mother Earth...
always to her I have given life... death...
so I will continue'! URLA IL TUONO
AL MIO LAMENTO EROICO
SORTE... CONSUMA LA REALTA'!
