## Chip In Your Head

## **Simon Curtis**

Put a chip in your head

Put a chip in your head

We oughta put a chip in your headPut a chip in your

Put a chip in yourOpen up your mind up and let me put it in

Piece of heaven got you saying R-O-B-O for the win

I'm ready to attack even if you got an attitude

You love me, I love you back is how I show my gratitudeSo many questions, well I'm ready with an answer

If you're done, I'm the chemo to your cancer

Maybe, maybe, maybe if you ask me just right

Baby, baby, then I give it to you all nightPut a chip in your head, put a chip in your head

Put a chip in your head, put a chip in your head

Put a chip in your head, put a chip in your head

Put a chip in your head, put a chip in your head

Put a chip in your head, put a chip in your head

Put a chip in your head, put a chip in your head

Put a chip in your head, put a chip in your head

Put a chip in your head, put a chip in your headSong so catchy, gonna spread like AIDS

Words so absurd, they're like lyric grenades

Has a message so I said I'll be the white boy Drake

Do like him, give everybody free chips to takeSo they took him and they hook him like some big-mouth bass First they make the beat drop, then you shake your...

Half a million downloads, no, I don't fake

And the labels still avoid me, what a big mistakePut a chip in your head, put a chip in your head

Put a chip in your head, put a chip in your head

Put a chip in your head, put a chip in your head

Put a chip in your head, put a chip in your head

Put a chip in your head, put a chip in your head

Put a chip in your head, put a chip in your head

Put a chip in your head, put a chip in your head

Put a chip in your head, put a chip in your headBaby, baby, feel the 123

I put it in your head like RFID

Said baby, baby, feel the 123

I put it in your head like RFIDPut a chip in your head, put a chip in your head

Put a chip in your head, put a chip in your head

Put a chip in your head, put a chip in your head

Put a chip in your head, put a chip in your head

Put a chip in your head, put a chip in your head

Put a chip in your head, put a chip in your head

Put a chip in your head, put a chip in your head

## Put a chip in your head, put a chip in your head
