

# Don't Pull Me Over

## Tom Petty & The Heartbreakers

Don't pull me over  
Mister Policeman  
Don't pull me over  
Mister Policeman And what I've got to do  
Don't hurt anyone  
And where I've got to go  
Won't hurt anyone Don't pull me over  
I got mouths to feed  
Don't pull me over  
And they depend on me What I've got to say  
Won't hurt anyone  
What I've got to do  
Won't hurt anyone When the moonlight turns to blue light  
Makes me so afraid  
Let me go, leave me alone  
Until I'm home and safe Don't pull me over  
Let me pass on by  
Don't pull me over  
Should be legalized Don't pull me over  
Mister Policeman  
Don't, don't pull me over  
Mister Policeman Please  
Please Mister Policeman  
Please  
Please Mister Policeman
