

# Never Die

## Creed

Hands on a window pane  
Watching some children laugh and play  
They're running in circles  
With candy canes and French braids  
Inspired to question  
What makes us grown-ups anyway?  
Let's search for the moment  
When youth betrayed itself to age  
So let the children play Inside your heart always  
And death you will defy  
'Cause your youth will never die  
In searching for substance  
We're clouded by struggle's haze  
Remember the meaning  
Of playing out in the rain  
We swim in the fountain  
Of youth's timeless maze  
If you drink the water  
Your youth will never fade  
Never die I won't let go of that youthful soul  
Despite body and mind my youth will never die
