Perdition

Belial's Bride

See the virgins with sewn shut eyes? All nerve endings have become desensitized. Drinking destruction of the comprised.
Eternally bleeding within their soul. Oblivious mindset for an apathetic hell. Lifeless rituals of the spiritually blind.

With faith held by amputated hands- They indulge in heretical suicide. Enter the slumber of the damned. Among the thorns.... Worshipping lies!

Negligence of the written word: Lazy servant. Inciting blessings of damnation: falling children.
Lovers of themselves, fornicators: Wayward bride.
Forsaking love for betrayal: Spawn of Satan.

Behold the generation of compromise- Unaware that they are part of the sign. Slipping further into temptation.
Promote the rise of the Son of Perdition.

With Faith held by amputated hands- They indulge in heretical suicide. Enter the slumber of the damned.
Among the thorns.... Worshipping lies.

Scripturally illiterate saints of God: fulfilling prophecy. Falling of the church must come first. Have you never read?
The house has become a brood of vipers, the holy spirit grieved.
Fucking your mind demonized doctrines: Dragon Whore!!

Season of your darkness. No lamp for light. While you lusted for the world, your grace ran dry!

Behold the generation of compromise- Unaware that they are part of sign. Slipping further into temptation.
Promote the rise of the Son of Perdition.

With your storehouse full and your self-righteous pride: the hour of your redemption will be denied. You failed to sign, as it was written: Damn yourself to take the mark of perdition!
