Sweetest Operator

Lighthouse Family

Sweetest operator
Sweetest operator
Sweetest operator
Sweetest operatorHey, you don't realize your strength
Sweet enough as you are, don't changeTo tell the truth, when I'm with you
Ain't nothing ever gonna get me down now
The way you do, the things you do
Ain't never ever gonna let you down nowI've got the feeling you could be the sweetest operator
I've got that feeling, that's what you are
I've got a feeling you could be the sweetest operator
I've got that feeling, that's what you areHey, I don't recognize the score
So I'll stick to the things I knowBut I'm still looking for a way
To think about every day now
And you can prove the very thing
The way you operate is such a relief, nowI've got the feeling you could be the sweetest operator
I've got that feeling, that's what you are
I've got a feeling you could be the sweetest operator
I've got that feeling, that's what you areI have to laugh the way you make perfect sense
From every word I ever spoken, you refine it better than
Now I got a reasonI've got the feeling you could be the sweetest operator
I've got that feeling, that's what you are
I've got a feeling you could be the sweetest operator
I've got that feeling, that's what you areI've got the feeling you could be the sweetest operator
I've got that feeling, that's what you are
I've got a feeling you could be the sweetest operator
I've got that feeling, that's what you areI've got the feeling you could be the sweetest operator
I've got that feeling, that's what you are
I've got a feeling you could be the sweetest operator
I've got that feeling, that's what you are
