

Beneath the Sands

Medicine

Waiting, are you waiting?
Time is wanting, underwater
Waiting, are you waiting?
For the hands to slip
Beneath the sands and
Pull you from your bed Standing in the corner
You are waiting, underwater
Standing in the corner
You can never know what
Hands will find you
Lying on your side Laughing, are you laughing?
Time is bending, underwater
Laughing. are you laughing?
Gently push the spine
Beneath the sands and
Hide it from you eyes Laugh beneath the sand
