With You

Avant

I can't continue to act like
I don't wanna be here
When I know I do
'Cause I'm really feelin' youAnd you ain't tha type to sleep around town
Let niggas get down
And come up with this lame excuse
And I really love tha way you warm me upYou're necessary like coats in tha winter
Right here like cold in December outside and I need you like
Need you like Mo-Town need its slow beat
Somethin' like oh baby baby, oh baby babyWhere I wanna be is with you
Wanna take you from tha things you used to
'Cause only time I'm me is with you
And this feelin' ain't gonna change, noWhere I wanna be is with you
Wanna take you from the things you used to
'Cause only time I'm me is with you
And this feelin' ain't gonna change, no
I'm gon' stay with youThis is crazy girl
This feelin' that I get
This is tha way you make me feel
Uh come onI'd rather chill at home witchu
Then to hang out wit my boys 'cause you're tha truth
You're tha truth yeah
You're tha truth huhAnd you're not trippin' on another chick or where I've been
No need to stay up in tha streets and catch an argument
'Cause you're not like that at all
You put your lovin' arms around me, I wantYou're necessary like coats in tha winter
Right here like cold in December, just like cold in December, I need
And I need you like Mo-Town need its slow beat
Somethin' like oh baby baby baby, it's where I wanna beWhere I wanna be is with you
Wanna take you from the things you used to
'Cause only time I'm me is with you
And this feelin' ain't gonna change, noWhere I wanna be is with you
Take you from the things you used to
'Cause only time I'm me is with you
And this feelin' ain't gonna change, noSee you are the reason for everything that I'm feelin'
You're my sunshine and I'm lovin' it all
Everything about you
I ain't really trippin' 'cause you got me lifted
Up so high, I'm so high

Don't wanna come down off your lovin' babyWhere I wanna be is with you
Wanna take you from tha things you used to
'Cause only time I'm me is with you
And this feelin' ain't gonna change, noWhere I wanna be is with you
Take you from tha things you used to
'Cause only time I'm me is with you
And this feelin' ain't gonna change, no
I'm gon' stay with youWhere I wanna be is with you
Take you from tha things you used to
'Cause only time I'm me is with you
And this feelin' ain't gonna change, no
I'm gon' stay with you
