Capital Punishment

:Wumpscut:

Waiting as a damned mad
waiting for a sign
waiting for the hangman
waiting in dark time
Capital punishment for me
Capital punishment for i have sinned
Capital punishment for me
Capital punishment for i was wrong
Waiting in your cold hell
waiting for a sign
waiting in your cold hell
waiting for the chime
Capital punishment for you
Capital punishment for you have sinned
Capital punishment for you
Capital punishment for you were wrong
Let us pray!
Father, we're so close to death
you told us this time would come.
We were full of scorn
now we see the wrong deeds bloom
you told us we were wrong.
Father, do you hear us at all?
Oh you must be there
you were always there.
Father, it nearly seems to me
there's no answering.
Are you gone, are you gone?
Capital punishment for me
Capital punishment for i have sinned
Capital punishment for you
Capital punishment for you have sinned
Capital punishment for us
Capital punishment for we have sinned
Take a look at the sky, can you see a god?
Once when he was there we had a chance, one chance.
But a long time ago he was left alone by his own mankind
and so he died.
Goodbye, my love.

Capital punishment for me
Capital punishment for all
