

Mansion On The Hill

Neil Young

Well, I saw an old man walking in my place
And he looked at me, it could have been my face
He's words were kind but he's eyes were wild
He said: I got load to love, but I want one more child. There's a mansion on the hill
Psychedelic music fills the air
Peace and love live there still
In that mansion on the hill. Around the next bend, take the highway to the sun
Or the rocky road, it really don't matter which one
I was in hurry but that don't matter now
'Cause I have to get off that road of tears somehow. There's a mansion on the hill
Psychedelic music fills the air
Peace and love live there still
In that mansion on the hill.
