

Warmachine

Unleashed

I urge you to be brave
be strong and face it
stand up and fight like a man be a warmachine
warmachine
warmachine don't let them grind you down
rise up and charge 'em
fight back and never give in be a warmachine
warmachine
warmachine warmachine
warmachine
warmachine so hold on to your pride
be what you are and...
show them a warriors wrath be a warmachine
warmachine
warmachine
