

Wa Wa Zat!!

David Lee Roth

Turn back, fast forward
You want a good one, only time will tell
By the time your dreams come true
You've turned into someone else Only adventures that I regret
Are the ones that I missed
And the thought of all the pretty girls
I never tried to kiss Wa wa zat, it's about time
Wa wa zat, time flies
Well, you can make it or you can fake it, baby
Or you can take your time like I do mine Napalm in the morning
We love the smell of it
'Cause life ain't boring
We do the hell out of it Only adventures that I regret
Are the ones I missed
And the thought of all the pretty girls
I never tried to kiss Wa wa zat, it's about time
Wa wa zat, time flies
Well, you can make it or you can fake it, baby
Or you can take your time like I do mine Only adventures that I regret
Are the ones I missed
And the thought of all the pretty girls
I never tried to kiss Wa wa zat, it's about time
Wa wa zat, time flies
Well, you can make it or you can fake it, baby
Or you can take your time like I do mine
Wa wa zat
