

Transparent

The Candy Darlings

Consume all the obscene
Persuade the most hideous and ugly
Under every pile and stone
A rebirth for you to find Freedom is to be able to go in any direction
So take the uncertain path One foot in the open
Ten feet ahead
Build your own ladder
And don't lie to yourself Secrets left above the grave
(Its not for one to keep)
You're all so self destructive Spend more time with the broken
(See what became of their mistake)
You know you're lost when you feel transparent Be at one with the wind
Even if it's a struggle
Make this your priority Open all your senses to new impressions
Act like all that was has vanished One foot in the open
Ten feet ahead
Build your own ladder
And don't lie to yourself Secrets left above the grave
(Its not for one to keep)
You're all so self destructive
Spend more time with the broken
You know you lost when you feel transparent One foot in the open
Ten feet ahead
Build your own ladder
And don't lie to yourself Secrets left above the grave
(Its not for one to keep)
You're all so self destructive Spend more time with the broken
(See what became of their mistake)
You know you're lost when you feel transparent You know you're lost, you know you're lost
You really know you're lost when you feel transparent
