

Smile

Slim Thug

I'm so fly
All the haters and the killers, try'n get me, get me
When I walk by
All the girls wanna take a picture with me, with meSo, baby, just smile for the camera
For the camera, for the camera
Baby, just smile for the camera
For the camera, for the cameraI got super size swag, I'm honest with the class
Fresh up out the bag, somebody pull out my tab
I guess that's why these haters always lookin' so mad
I guess that's why this girl want her picture so badBut her heart beatin' fast while we froze for the pose
Before rap, I was most chose by the hoes
Before you go, she slip me something else on the low
It read, 'Dial this to see me with no clothes'I'm so fly
All the haters and the killers, try'n get me, get me
When I walk by
All the girls wanna take a picture with me, with meSo, baby, just smile for the camera
For the camera, for the camera
Baby, just smile for the camera
For the camera, for the cameraBeautiful by the bar, you wanna be a star
Live like the boss in a big house and fancy car
How 'bout we make everything that's mine, ours?
For example, let me, let you hold the black cardsBut don't worry 'bout yo man, he just act hard
Before we get to you, we gotta go through that squad
You like swimmin', I got a lake in my backyard
I'll take you on a date to the BET awardsI'm so fly
All the haters and the killers, try'n get me, get me
When I walk by
All the girls wanna take a picture with me, with meSo, baby, just smile for the camera
For the camera, for the camera
So, baby just smile for the camera
For the camera, for the cameraKeep that ice on that chest
And we dress so fly
And we stay smokin' on the best
So you know a player so highSo, baby, just smile for the camera
For the camera, for the camera
Baby, just smile for the camera
For the camera, for the camera
