

Turn Me On

E-Rotic

Turn me on turn me on just do it right you can't go wrong
I'm the radio that plays your favorite song
You turn me on turn me on you sure know how so turn me on
Baby don't you wait until the night has gone, just turn me on Turn me on oh, babe, turn me on please
Ooh, turn me on aah, aah turn me on You are so cool don't know what to do
Oh, babe I can't come close to you
I want you to just feel good
Hey can't you see I'm in the mood Want you touchin' mine
I'm just waiting for a sign
I wanna makes you feel so hot
I wanna find your tender spot Turn me on turn me on, just do it right you can't go wrong
I'm the radio that plays your favorite song
You turn me on turn me on you sure know how so turn me on
Baby don't you wait until the night has gone just turn me on Turn me on oh, babe, turn me on please
Ooh, turn me on
Turn me on oh, babe, turn me on please
Ooh, turn me on aah, aah turn me on
Aah, aah turn me on
