While I'm Away

Good Old War

All night, all night
I've thought of you, I always do
At times I have failed to size
You know I miss making love to you, you
I always do, while I'm away from youI miss your warm hips
I miss your soft kiss
And what your green eyes do when I'm touching you
So please, don't forget me
I would wish for you but you won't come true
While I'm away from youEvery night I turn out the light
And I dream of you babe, I always do
Hold tight, you have to enjoy life
As long as you're what I'm coming home to the skies are blue
While I'm away from youWhile I'm away
While I'm away
While I'm away from you
