

Tres Deseos

Gloria Estefan

This song is a blend of merengue "pambiche" (one of the most complex merengue grooves) with vallenato. The fast intricate melodic lines from the saxophone section, brass section, steel guitar, and the accordion give the song a totally fresh taste to the rhythmic and sonic texture. The lyrics of this song are about how good it is to have love in our hearts for the people we mean the most to us. It says "bad moments are gone, and the good times are coming". In the chorus we ask for three wishes (tres deseos) to the little eastern star. They are let your dreams come true, let a better world flourish, and let's bring peace to the world! Que lindos los arreboles
How pretty the glowing colours Cuando el sol se va poniendo
When the sun is setting Que buenos son los amores
How good are the loves Cuando se llevan por dentro
When they come from within Ay, si, corazon
Ay, yes, darling Ya se van los nubarrones
Now the storm clouds are gone Ya llegan los buenos tiempos
Now the good times are coming Ay, si, corazon.
Ay, yes, darling Ya se alejan los dolores
The pains are leaving Y se alegra el sentimiento
And happiness reigns Que ya se prendio la fiesta
For the party has begun Que ya se apago el hastio
The boredom is gone Que ya el corazon se alegra
Now the heart is happy Porque tengo el amor mo
Because I have my love Ay, si, corazon
Ay, yes, darling Ya se van los nubarrones
Now the storm clouds are gone Ya llegan los buenos tiempos
Now the good times are coming Ay, si, corazon.
Ay, yes, darling Ya se alejan los dolores
The pains are leaving Y se alegra el sentimiento
And happiness reigns Que ya viene el año nuevo
Now comes the new year La fiesta ya esta caliente
The party is warming up Concedeme tres deseos
Grant me three wishes Estrellita del oriente
Little star of the east Concedeme tres deseos
Grant me three wishes Estrellita del oriente
Little star of the east Que el campo est floreciendo
How the countryside is blooming Y el trigo ya esta maduro
And the wheat is ripe Que la flor de año nuevo
How the flower of the new year Ya esta abriendo su capullo
Already it's opening it's bud Ay, si, corazon
Ay, yes, darling Ya se van los nubarrones
Now the storm clouds are gone Ya llegan los buenos tiempos

Now the good times are coming Ay, si, corazon.
 Ay, yes, darling Ya se alejan los dolores
 The pains are leaving Y se alegra el sentimiento
 And happiness reigns Que ya viene el año nuevo
 Now comes the new year La fiesta ya esta caliente
 The party is warming up Concedeme tres deseos
 Grant me three wishes Estrellita del oriente
 Little star of the east Concedeme tres deseos
 Grant me three wishes Estrellita del oriente
 Little star of the east Concedeme tres deseos
 Grant me three wishes Estrellita del oriente
 Little star of the east Que ya viene el año nuevo
 Now comes the new year La fiesta ya esta caliente
 The party is warming up Concedeme tres deseos
 Grant me three wishes Estrellita del oriente
 Little star of the east Concedeme tres deseos
 Grant me three wishes Estrellita del oriente
 Little star of the east Concedeme tres deseos
 Grant me three wishes Estrellita del oriente
 Little star of the east Que ya viene el año nuevo
 Now comes the new year La fiesta ya esta caliente
 The party is warming up Concedeme tres deseos
 Grant me three wishes Estrellita del oriente
 Little star of the east Que los sueños se vuelvan realidad
 That dreams become reality Concedeme tres deseos
 Grant me three wishes Un futuro de prosperidad
 A future of prosperity Estrellita del oriente
 Little star of the east Que florezca un mundo mejor
 That a better world flourishes Concedeme tres deseos
 Grant me three wishes Que haya paz en el corazón
 That there is peace in the heart Estrellita del oriente
 Grant me three wishes
