

# Re:Agents

## Ladytron

Traffic things and power lines  
Cables on the ocean floor  
Traffic things and power lines  
Going out to number four There's a photo hidden on page four  
It has the halo 'round your smile, think fast  
They say, that play, that fallout is a must  
Still you keep on keeping on past the kids You're the boss from behind your eyes  
With, looking for the cherry on the ice  
They say, that play, that fallout is a must  
Still you keep on keeping on past the kids  
And still you keep on keeping on past the kids
