## Slipknot

All The Fiends Are Out  
Nobody's leaking any more  
No-one said a thousand times  
My brains' been scattered about  
Forced to deal with suffering  
Making more than I mean  
Leave my past behind me  
Life... LIFE  
Show me show me SHOW ME (3x) Now the fiends are back in  
I'm through with resort  
Just one more time  
To keep my face in LIFESmile , while the blade slides down your face  
Pain, for at least 2 or 3 days  
You , dont' you love all your scars  
Feel, all the Medicine released SMILE, WHILE THE BLADE SLIDES DOWN YOUR FACE (8x)
