This Is My Rifle

Combichrist

This is my rifle, it is my life
We are masters of our enemy
Till there is no enemy

This is my rifle, it is my life
We are masters of our enemy
Till there is no enemy

This is my rifle, it is my life
We are masters of our enemy
Till there is no enemy

This is my rifle, it is my life
We are masters of our enemy
Till there is no enemy

This is my rifle, it is my life
We are masters of our enemy
Till there is no enemy

This is my rifle, it is my life
We are masters of our enemy
Till there is no enemy

This is my rifle, it is my life
We are masters of our enemy
Till there is no enemy

This is my rifle, it is my life
We are masters of our enemy
Till there is no enemy
