

Hittin' Skittles

Hot Chip

Oh oh oh oh oh

I'd really like to have it
But you know that we shouldn't order
 Not that I'm a moral man
 But you know what I I am
 If I met you on the corner
 Where I was once a man
 Still I couldn't put it to you
But fear that you would understand

If we weren't ?
Know that that's my favorite track
 I live inside dirty water
I trust that you would take my hand
 I know that ?
And you've got nothing on back
 Bad ways of tilted talking
 Still the best you've ever had

There has been no dirty moment
 But I feel the need for bathing
I am going to keep my clothes off
 Are you gonna call me baby

I'd really like to have it
But you know what we shouldn't order
 Not that I'm a moral man
 But you know what I I am
 If I met you on the corner
 Where I was once a man
 Still I couldn't put it to you
But fear that you would understand

There has been no dirty moment
 But I feel the need for bathing
I am going to keep my clothes off
 Are you gonna call me baby
