Don't need a push-up bra, her titties already plump
See me in the 300 in my musump leanin'
It?s stars with me, take a look, wrist high beamin'
You a git it girl, baby
I know you fire 'cause you made me do a 180
Now come around and twist the crown to the sound lady

'Cause you know I'm blessed with what they call exclusive

Me verse you, that's no contest
Your girl chose me soon as we stepped on deck
'Cause I'm a mission request in a position to check
Anybody think that they contendin? with us
Somebody tell her that I bang cock, see baby, I make the bed rock

You know the name, money slang but these lames not
Take a picture, her frame hot
When she pass by, man, the game stop
Figure eight her shape, toes showin' out tha heels
Yep, I got a few hundred, lemme see your pose skills
When I'm in Atlanta, Magic City the spot
I tipped three thousand, ain't nothin' once you see what I got
Pop that thing, gurl
Wurr da git it gurlz at?
Work that thing, gurl
Wurr da git it gurlz at?
Twist that thing, gurl
Wurr da git it gurlz at?
You know tha game gurl
Wurr da git it gurlz at?
Pop that thing, gurl
Wurr da git it gurlz at?
Work that thing, gurl
Wurr da git it gurlz at?
Twist that thing, gurl
Wurr da git it gurlz at?
You know tha game gurl
Wurr da git it gurlz at?
