Shake You Up

Alexia

Every time when I'm feeling blue
I look inside me and I remember you
Every time when I'm feeling blue
I remember youSome words in my mind
Talk about it all time
Again and again
And they just make me cryOh baby, come on
Before you give up and go
Could you believe in love?Bad words and good times
In my mind don't survive
Again and again
And they just make me dieOh baby, come on
Before you give up and go
Do you believe in love?Baby, I wanna shake you up
Shake you up, shake you up
Do you wanna take my heart?Baby, I wanna shake you up
Shake you up, shake you up
Take me up, baby, give upBaby, I wanna shake you up
Come on, baby, shake you up
All I want is another wayBaby, I wanna shake you up
Oh my baby, shake you up
All I need is another saySometimes on my mind
I remember those times
Again and again
And they just tell me liesOh baby, come on
Before you give up and go
Could you believe in love?Bad words and good times
In my mind they revive
Again and again
And they don't say, "Goodbye"Oh baby, come on
Before you give up and go
Do you believe in love?Baby, I wanna shake you up
Shake you up, shake you up
Do you wanna take my heart?Baby, I wanna shake you up
Shake you up, shake you up
Take me up, baby, give upEvery time when I'm feeling blue
I look inside me and I remember you
Every time when I'm feeling blue
I remember youBaby, I wanna shake you up

Shake you up, shake you up
Do you wanna take my heart?Baby, I wanna shake you up
Shake you up, shake you up
Take me up, baby, give upBaby, I wanna shake you up
Come on, baby, shake you up
All I want is another wayBaby, I wanna shake you up
Oh my baby, shake you up
All I need is another dayEvery time when I'm feeling blue
