

# Shake You Up

Alexia

Every time when I'm feeling blue  
I look inside me and I remember you  
Every time when I'm feeling blue  
I remember youSome words in my mind  
Talk about it all time  
Again and again  
And they just make me cryOh baby, come on  
Before you give up and go  
Could you believe in love?Bad words and good times  
In my mind don't survive  
Again and again  
And they just make me dieOh baby, come on  
Before you give up and go  
Do you believe in love?Baby, I wanna shake you up  
Shake you up, shake you up  
Do you wanna take my heart?Baby, I wanna shake you up  
Shake you up, shake you up  
Take me up, baby, give upBaby, I wanna shake you up  
Come on, baby, shake you up  
All I want is another wayBaby, I wanna shake you up  
Oh my baby, shake you up  
All I need is another saySometimes on my mind  
I remember those times  
Again and again  
And they just tell me liesOh baby, come on  
Before you give up and go  
Could you believe in love?Bad words and good times  
In my mind they revive  
Again and again  
And they don't say, "Goodbye"Oh baby, come on  
Before you give up and go  
Do you believe in love?Baby, I wanna shake you up  
Shake you up, shake you up  
Do you wanna take my heart?Baby, I wanna shake you up  
Shake you up, shake you up  
Take me up, baby, give upEvery time when I'm feeling blue  
I look inside me and I remember you  
Every time when I'm feeling blue  
I remember youBaby, I wanna shake you up

Shake you up, shake you up  
Do you wanna take my heart?Baby, I wanna shake you up  
Shake you up, shake you up  
Take me up, baby, give upBaby, I wanna shake you up  
Come on, baby, shake you up  
All I want is another wayBaby, I wanna shake you up  
Oh my baby, shake you up  
All I need is another dayEvery time when I'm feeling blue
