

# Having My Baby

## Case

Having my baby  
Having my baby  
My baby is having my baby  
Only God knows how much I love you  
Having my baby  
Having my baby  
My baby is having my baby  
Only God knows how much I love you  
Mothers never mean so much to me  
And for you to bring forth a life from me  
Would be a honor to me ladies soul, ooh  
If you go away, hey  
If you've got to twist and turns, we'll be okay  
Let's hold hands together and we'll pray

Having my, yeah, yeah  
My baby is having my, my  
My baby is having my, my  
My baby is having my, my, my, my, my  
Having my, my  
My baby is having my, my  
My baby is having my, my  
My baby is having my, my, my, my, my  
Having my, my  
My baby is having my, my  
My baby is having my, my
