Soldier (feat. Rich Homie Quan)

Jacquees

Take yo drink, girl, you know what I'm talk about
You know how I feel about you, shout it when we grind out
Take yo drink, girl, you know what I'm talk about
You know how I feel about you, shout it when we grind outI'm out yea on it now cause time don't stop
You know I gotta hit the streets beat up the block
Yeah, until they listening would as my rock
I'm focused got my head in
Rolexes and 11's
Stay grinding ain't that paper chase
Hustlin' to see my family good ya mamas straight
Living money over everything so when they hate
Rolexs and 11's hot box it in my 7'sAin't nobody got me like you do my partners be like
That's yo soldier yo lil soldier
That's why I'm ridin' out wit you I'll always be like
That's my soldier my lil soldier
She hold it down and I pick it up
We ballin' like an armored truck
Ain't nobody got me like ya do I'll always be like
That's my soldier my lil soldierIt's hard to see the real girls come and go
Draw you into their fantasies before you know it
Eyes out for my enemies I clear my throat
With plans to have they wedding Rolexes and 11's
I never have to search your always there
My shawtys always down to grind and she's sincere
I vow to give the world to world to her
Deserve to give the world to world to herAin't nobody got me like you do my partners be like
That's yo soldier yo lil soldier
That's why I'm ridin' out wit you I'll always be like
That's my soldier my lil soldier
She hold it down and I pick it up
We ballin' like an armored truck
Ain't nobody got me like ya do I'll always be like
That's my soldier my lil soldier30 dollas every minute, that's a Rolex (presidential)
It's my lil soldier, my lieutenant, and ye don't wanna go there
So like ball lil nigga like
No help, ball lil Gucci guy
Four pound, kick back top flow
Ya hold down, yeah hold down
I ain't tryna be rude

Betta let her do what you taught her
Fuck yo principle, I break rules
Got a beatin' section, fell in love with grunt
Got my waist wide, you can hold a gun
I'm a soldier, my lil soldier
If I shoot, y'all niggas gonna run
I told you that I ain't know youMe and Jacquees got another one
The bitch gon' love this here
I don't snick possum with my other one
I'mma try to make a mil off this shoe
What ya wanna do right now?
Who you want screw right now?
Flow sick, got a flu right now
Pay attention, Jacquees, talk to 'em right nowAin't nobody got me like you do my partners be like
That's yo soldier yo lil soldier
That's why I'm ridin' out wit you I'll always be like
That's my soldier my lil soldier
She hold it down and I pick it up
We ballin' like an armored truck
Ain't nobody got me like ya do I'll always be like
That's my soldier my lil soldier
