

# The Faded Line

## Lamb of God

Witness shame's parade, the pain of blame repaid  
It's fucking hopeless accusations and denial Hopeless, demon of another day  
Colorless, stoned, solid gray  
Emptiness, of promises I made  
So faithless, the tenants long betrayed Walk the faded line, cursed crawl of time  
Silence, the only promise ever kept Familiar touch, a ritual to numb the cut, salvation in vice  
Anguish is realizing what could have been, but never was  
It's emptiness that fills the cup devotion in the method of my fall Pointless, futility continuing  
Endless, flowing corrupted vein Walk the faded, cursed crawl of time  
Walk the faded, cursed crawl of time  
Silence, the only promise ever kept It's fucking hopeless  
Hopeless, hopeless, hopeless  
It's fucking hopeless  
Hopeless
