

The Golden Ratio

Ace Of Base

Like Maria's love for Antony I felt
Such a West Side Story scene
You lock me up with your love
Now we're partners in crime
And your cronies do your thing
Listen to your heart and follow me
Oh, oh
Live and let die
Listen to your heart and follow me
You are the one
You're my golden ratio
The golden ratio
Never felt like this before
You've gotta be my fallen angel
Ah-oh, ah-oh
It's the golden ratio
Ah-oh, ah-oh
It's the golden ratio
So they play in my mind
Took a bit out of time
Understand but can't forget
Now I'm drawn to you like the desert to rain
Can't undo and won't "Fregret"
Listen to your heart and follow me
Oh, oh
Live and let die
Listen to your heart and follow me
You are the one
You're my golden ratio
The golden ratio
Never felt like this before
You've gotta be my fallen angel
Ah-oh, ah-oh
It's the golden ratio
Ah-oh, ah-oh
It's the golden ratio
I turn like the flowers
Turning to the burning sun
And the giving ground

They don't understand us
They're living in another world
In another time, in another time
You are the one you are my golden ratio
The golden ratio
Never felt like this before
You are the one
You're my golden ratio
The golden ratio
Never felt like this before
You've gotta be my fallen angel
Ah-oh, ah-oh
It's the golden ratio
Ah-oh, ah-oh
It's the golden ratio
