Spend Some Time

Maysa

Take the time to know my body
I think about you all the time
I really wanna be with you
That my love is trueSpend some time
You may find
Spend some time
You may findWe're together for me babe
Is it some I can feel?
I ain't got no time for playing games
Give me something I can feel
I been waiting such a long, long time
For a man like you to blow my mindBaby what you rushing for?
Can we please just slow this down?
If I get a chance to know who you are
I might wanna hang around
I've been waiting such a long time
For a man like you
So BabyChorus:
Spend some time (Take the time to know my body)
You may find (I think about you all the time)
Spend some time (I really wanna be with you)
You may find (That my love is true)Hold on wait just a minute baby
I know you're ready to take it there
Just give me a little time
'Cause I got something that I wanna share
I been waiting such a long, long time
For a man like you to blow my mindReally wanna be with you
Really wanna be with youOh I know in my heart
That I'm the one for you
Just get to know me baby
And I'll get to know you too
And then one day we'll see
We were meant to beChorus (2X)Spend some time
You may find
Spend some time (I really wanna be with you)
You may find (That my love is true)Take the time to know my body
I think about you all the time
I really wanna be with you
That my love is true baby

That my love is true baby
