

Fly by Night

Foghat

Stevens - Knee Trembler Music - ASCAP It's three weeks now since I've been gone from Texas

I said goodbye to a man who made me well

Everyday I've got to keep on checkin'

May be I'm right, How'm I gonna tell? I travel by day and I seem all right

But when the dark comes I'm a fly by night

I'm nobody's fool, 'cause you'll only fool yourself Feelin' down, there ain't no need to worry

Satisfaction always guaranteed

What you want, I've got the right solution

I can give you everything you need I travel by day and I seem all right

But when the dark comes I'm a fly by night

I'm nobody's fool, 'cause you'll only fool yourself

Woo! {Rod - Slide Solo} Just checked in, to number 507,

Here today, tomorrow I'll be gone.

I ain't no saint, I know I ain't no sinner,

But I guess I've done somebody wrong. I travel by day and I seem all right

But when the dark comes I'm a fly by night

I'm nobody's fool, 'cause you'll only fool yourself,

I'm nobody's fool, 'cause you'll only fool yourself,

yea! {Dave - Solo}
