

# Fame

DMX

Advisory - the following lyrics contain explicit language:

Take it for what it's worth, my birth was a blessing  
Sent to live and die on earth as a lesson  
We each have a star all we have to do is find it  
Once you do, everyone who sees it will be blinded  
They'll tell you that you're bright, and say you have a future  
When you turn your back same cats will try to shoot ya  
Niggaz ain't shit, I can live on both sides of the fence  
Forget what you do when you talk, see what you really meant That's what I thought them niggaz was bluffin'  
They talk all day but say, nothin'  
It gets so dark, haze so intense  
Since this first rain it's like it's rained ever since  
Never got paid for a rhyme but I flow  
Never got a plate on time but I grow  
Live your life, stay on the line but I go  
Went from doin' crime to bein' kind 'cause I know I'm gonna live forever, I'm never gonna die  
Only thing I fear is that I'm never gonna fly  
Carry my weight but I'm never gonna cry  
Shit I tell you all niggaz straight 'cause I'm never gonna lie  
I'm gonna live forever, I'm never gonna die  
Only thing I fear is that I'm never gonna fly  
Carry my weight but I'm never gonna cry  
Shit I tell you all niggaz straight 'cause I'm never gonna lie What is about who I am that makes me unforgettable  
What it is about what I've done that makes it so incredible  
More money, more problems well the fame was worse  
I reached out for love and what came back was thirst  
Blessed with the curse niggaz don't hear me  
Niggaz don't hear me, you all niggaz, don't hear me  
What'd I just say? you see that?  
You got to feel me to catch what I'm sayin', believe that  
But leave that, alone We gonna make a nigga wanna be at, your home  
Oh you kinda quiet with the heat at, your dome  
If the dog got he's gonna bring back a bone

'Cause we got the chrome  
This is what I live for, or die for  
I'm the nigga with the high score, you try for  
What you niggaz wanna lie for it changes nothin'  
I'm true for cats, yet some strangers bluffin'I'm gonna live forever, I'm never gonna die  
Only thing I fear is that I'm never gonna fly  
Carry my weight but I'm never gonna cry  
Shit I tell you all niggaz straight 'cause I'm never gonna lie  
I'm gonna live forever, I'm never gonna die  
Only thing I fear is that I'm never gonna fly  
Carry my weight but I'm never gonna cry  
Shit I tell you all niggaz straight 'cause I'm never gonna lieNow if I take what he gave me and I, use it right  
In other words if I listen and use the light  
Then what I say will remain here after I'm gone  
Still here, on the strength of a song, I live on  
No second guessin' on what I stood for, I was good for  
Stoppin' niggaz from killin' each other in the hood war  
Comin' through showin' love throwin' up  
The cats not throwin' love, you know whats upDark Man Baby, that's my name  
And I got to be the realistic nigga up in this game  
'Cause ain't no shame, they don't make them like, this no more  
Real to the core, big heart but built for war  
I stand for what I believe in  
Even if what I believe in stops me from breathin'  
Relatives grievin', but I ain't went nowhere  
Listen to the song I'm right thereI'm gonna live forever, I'm never gonna die  
Only thing I fear is that I'm never gonna fly  
Carry my weight but I'm never gonna cry  
Shit I tell you all niggaz straight 'cause I'm never gonna lie  
I'm gonna live forever, I'm never gonna die  
Only thing I fear is that I'm never gonna fly  
Carry my weight but I'm never gonna cry  
Shit I tell you all niggaz straight 'cause I'm never gonna lie
