

Don't Hand It Over

Lions In the Street

*Don't Hand It Over

Don't let them take your heart out for nothing.

Don't let them shake you out of your skin

Don't let them make it up as it happens, baby.

Don't let them break you down again.

Don't let the days fade off into nothing.

Don't stay the same, try it again.

Don't take the blame when everything happens, baby.

Don't hesitate to come up for air

And all the time that you run around

You still don't have to waive

Don't hand it over

Keep your heart hid under cover

Keep your head out of the oven

And you'll find a way

Don't Hand it Over.

All the time that you run around

You still don't have to waive.

Don't hand it over

Keep your head hid under cover.

Keep your heart out of the oven.

And you'll find a way.

Don't Hand it Over

Don't Hand it Over

Don't Hand it Over
