Secret Lover

Jean B. Gerbier

Secret lover

I
I never told you, that sometimes I go to your

College Campus, just to see you and think of the way you make me feel, when I look in your eyes see is a lover

Chorus

Secret lover, at night I stare up at the stars. Secret lover, only you know my desire. Secret lover, my body is longing for your body. I like it when you sing along with me.

II
Sometimes at night in the pale moonlight, I hold the chocolate and the flowers you gave me real tight. I dream of you and I am always hoping, that you dream of me too.
