Waiting for the Bomb

Rotten UK

extremely haunted howl

look around
know what i'm seeing
bricks on every screen
a world gone mad
a world gone mad
makes me wanna scream

cold war
cold shoulder
who's the enemy?
is it you?
is it me?
is it you?
is it me?
it's called humanity

waiting for the bomb
waiting for the bomb to drop
waiting for the bomb
waiting for the bomb to drop
waiting for the bomb
waiting for the bomb to drop
waiting for the bomb
waiting for the bomb
waiting for the bomb to drop drop drop drop

look around
and i'm seeing
bricks on every screen
a world gone mad
a world gone mad
makes me wanna scream

cold war
cold shoulder
who's the enemy?
is it you?
is it me?

is it you?
is it me?
it's called humanity

waiting for the bomb
waiting for the bomb to drop
waiting for the bomb
waiting for the bomb to drop
waiting for the bomb
waiting for the bomb to drop
waiting for the bomb
waiting for the bomb
waiting for the bomb to drop! drop! drop! drop!

so ditch the government
they're all the same
how much longer
can i watch this game?
