Lost in the Woods

Taproot

Tonight I'm freakin' out again
Tonight I'm thinkin' so low
All I wanted was a friend
All I've got is no one
Tonight I'll sleep alone
I won't sleep at allMy heart isn't aliveRight now, I'm sinking further down
Right now, I'm breaking inside
A long drive to see you lie in bed
A long ride wishing for your life
Tonight I'll stay with you
And I will get us throughMy heart ripped from my chest
Too late I hope not for this
My heart isn't aliveNauseous preparing for the worst
Cautious repairing open wounds
Yet somehow believing in a chance
It'll turn out to be another test
And you'll come back againMy heart ripped from my chest
Too late I hope not for this
My heart isn't aliveMy arms carry the weight
Two hands folded yet straight
My arms closed in a prayer for youYou're lost in the woods, they say to meRight now, I'm sinking further down
Right now, I'm breaking insideMy heart ripped from my chest
Too late I hope not for this
My heart isn't aliveMy heart ripped from my chest
Too late I hope not for this
My heart isn't aliveMy arms carry the weight
Two hands folded yet straight
My arms closed in a prayer for you, prayer for youTonight I'll stay with you
