Live Tonight

Cheryl Cole

Sometimes I just wanna be on my own
Sometimes I just wanna be alone
At times I only need the radio on
(Just the radio)But guess who's on the radio now?
They got me pumpin' on the radio
Turn off the stereoI wanna live tonight
I wanna feel alive
Let's fall in love tonight
And leave this world behindDing don din don eiYou some kind of beautiful thing
Right now, I really want you
Somehow lost in the nightI found myself coming undone
In the instant I decided you're the one
And with the halo that are above your head
I'm save in your armsI wanna live tonight
I wanna feel alive
Let's fall in love tonight
And leave this world behindDing don din don ei
Uuh, uuh, uuh
(Ding don din don ei)
Uuh, uhhh, uuhI wanna live tonight
I wanna feel alive
Let's fall in love tonight
And leave this world behind
