

Iz Dat You

Jacquees

Hey, i'm still in this club, fading, smoking too
But i'm still stare at you, but i'm still stare at you
Stay in the club too long, fading drinking too
But i'm still stare at you, but i'm still stare at you
Is it you, way out the sound and didn't same old shoes
She like it get in on the first night, we got the same old rose Iz dat you? Iz dat you
Oooh baby girl i know cuz baby girl you choose
Bring the pocket and we can blow
See you everything i know
Stay you, iz dat you? Iz dat you? Hey yo, i'm on corner one
Girl said you was on corner two
I'm in the middle of the floor but i'm still stare at you
I love the way you dance , you swim but hell i knew
Girl i try to get you, i don't try to get right behind you
Hey you remember how we use to do, how we use to play ?
And i try to get you next to me, still ok
Anybody stare to clap and i try live with you
And girl i know for sure it's only i know it's true Iz dat you? Iz dat you
Iz dat you? Iz dat you Hey girl i still love the way you walk
Looked her in the same old shoes
A lot of women in this club, not one fucking with you Iz dat you? Iz dat you
Iz dat you? Iz dat you
Iz dat you? Iz dat you
