Tiny star, your work is done for now
Take time off, take up the violin
Well done, good night
Well done, good nightTiny star, your work is done for now
Take time off, take up the violin
Good night, well done
Good night, well doneTiny star, your youth is gone for good
Time to choose a path just right for you
Well, goodTiny star, your work is done for now
Take time off, take up that violin
Well done, well done
Good night, well done
Good night, well done
You are over
You are over
You are over
You are well done
You are over
You are over
You are over
You are
