## Editors

With my eyes closed  
I'll look closer, I'll always remember  
Juggernauts screaming to a stop  
Sound like devils are laughing I wanted to see, I wanted to see  
I wanted to see this for myself  
I wanted to see, I wanted to see  
I wanted to see this for myself These dark pubs we drink in  
Somehow light up when I'm with you I wanted to see, I wanted to see  
I wanted to see this for myself  
I wanted to see, I wanted to see  
I wanted to see this for myself I wanted to see, I wanted to see  
I wanted to see this for myself  
I wanted to see, I wanted to see  
I wanted to see this for myself For myself, for myself  
For myself, self, self
