

# Prepare For Attack

## Havok

Rise up  
And take control  
Revolution, execution, the solution, can't let it go  
Fighting, biting, taking over  
Cursing the powers that be(Let them know)  
Let them know we're coming back  
(Lock and load)  
Prepare for attack  
Striking with deadly force  
Taking the fascist dictator with no remorse  
Cutting of the head of state  
Decapitated land, we infiltrate(Let them know)  
Let them know we're coming back  
(Lock and load)  
Prepare for attackTaking no shit from overseas  
Stomp out the Infection  
Prevent the disease  
Fighting, biting taking over  
Empire slows to a crawl  
(Let them know)  
Let them know we're coming back  
(Lock and load)  
Prepare for attack
