Sean Kingston

oooooooooooooooooh

Ghetto Ghetto Ghetto Ghetto

Chorus

im from the Motherfucking slums

where the cops dont come

turn the lights on and

the thugs dont run

you aint shit without no gun

in the Ghetto (Ghetto) Ghetto (Ghetto)

[x2]Sean Kingston:

Im From the Ghetto

you aint seen the slums

till ya seen were im from

Everydays a homicide

niggaz sleep with their gun

Fellaz running wreckless

its hectic

their objectives

holding niggaz down

they aint trying to see us exit

im from the land of gun tookers

and weed smokers

Poverty is sickness

plus them grew vicious

You dont want your juice

to be dripping on a late night

Buck 50 till ya feds light

[chorus][x2]

Those boiz got the corner popping

hungry niggaz they corner hopping

trying to get any way 2 fit in

pop the trunk and it

looks like a gun store

fuck around killers kick in

ya front door

stop the bloodclut crying

ring the alarm

and the slugs start flyin

and I tell that

people keep dying
whats the cost
gas price to high
they aint taking shorts
[Bridge]In the ghetto
badman run wild
la la show times
Leak all those grids now
In The Ghetto
them no response
born a battyman
people jusa suffer yo
In the ghetto
badman run wild
la la show times
Leak all those grids now
In The Ghetto
them no response
born a battyman
people jusa suffer yo
[Chorus]
