## Phish

Woke up this morning and I had those Walking Blues (x2)I wasn't walkin' nowhere 'cause I didn't have no floor!Staring over the edge of the bedMy old lady lying next to me, I started to cry (x2)She said "I'm gonna take this diploma,I'm gonna slice you in the eye!"Well I'm alright (he's alright) (x9)'cause I got a degree!Escaping through my windowThere's a policeman on the lawn outside my home (x2)I opened my mouth to scream but my throat was full of foamSo I'm sittin' in this cellMy fortune dwindled to a thimble full of filth (x2)I may spend the rest of my life in jail but at least it's got a floor!Chorus
